RESPONSE TO RESTRICTION REQUIREMENT

In response to the restriction requirement made in the action mailed April 3, 2009, Applicants elect Group I (claims 1, 2, 3, 6-16, 20 and 24). Applicants included claim 3 in this group as it appears that the Examiner inadvertently failed to list claim 3 in Group I. Applicants further elect the following species of CTL-activating amino acid sequence: SEQ ID NO:9; the following species of CpG-interacting amino acid sequence: SEQ ID NO:2; and the following species of CpG molecule comprising at least one sulfur atom: SEQ ID NO:8. These elections are made without traverse, and read on claims 1, 2, 3, 6-16, 20 and 24.
